This Salute Zero Six plan is ONLY constructed as an aid to the public and is NOT a definitive guide to placement or size of tables or (specifically) TRADE STANDS, and must NOT be taken as anything other than generally indicative (gosh - how many times do we have to say this?). Within those constraints, however, it was accurate at time of going to press. Space precludes us giving more details of games at Salute this year. For more information on all games, exhibits and trade stands at Salute Zero Six please visit the website www.salute.co.uk or come to the Information Stand on the day at T501.
